# English Language Development

ThinkCERCA provides teachers with everything they need to support developing bilinguals in academic English fluency.

BUILT-IN ELD PRODUCT SUPPORTS

Rooted in Research

In addition to research-based approaches embedded in the pedagogy of our software, we provide instruction in standards-aligned practices that help developing bilinguals succeed.

- **Built-in audio and vocabulary supports**
- **Sentence frames**
- **Graphic organizers**
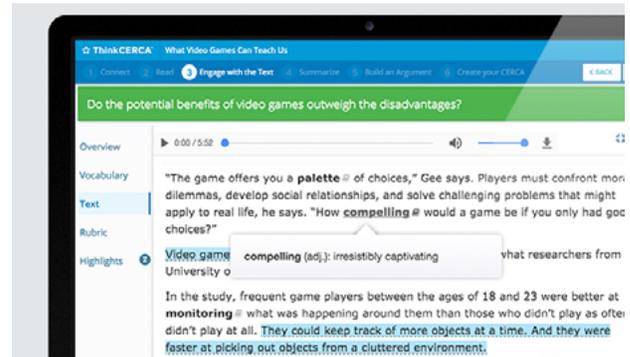

ELD TEACHING RESOURCES

Applied Reading & Writing Lesson Supports

Premium subscribers have access to additional ELD supports within our Applied Reading & Writing lessons to help developing bilingual students access the same great content as their peers.

- **Step-by-step guides for teaching students at WIDA Level 3-4/Expanding and Level 4-5/Bridging**
- **Student handouts featuring additional vocabulary support and sentence frames**
- **Spanish-language translations of lesson summaries and vocabulary words**
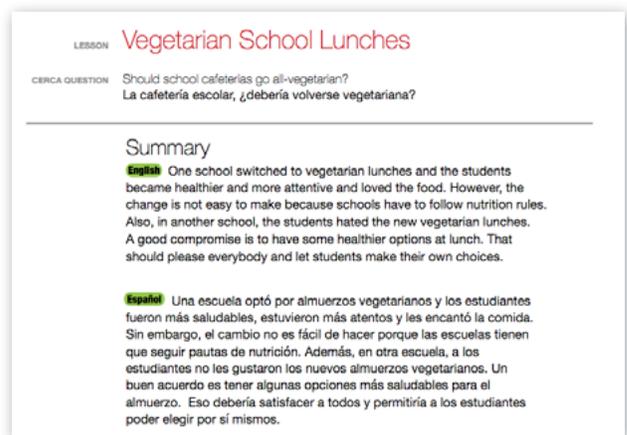

SPANISH-LANGUAGE CONTENT

Background Knowledge, Skills Instruction, and Vocabulary

ThinkCERCA contains Additional Reading Practice and Direct Instruction lessons in both Spanish and English to build students' background knowledge and academic vocabulary while creating cohesion within the classroom.

- **Background-building resources**
- **Introductions to key skills and concepts**
- **Academic vocabulary in context**
